Fire Prevention

Conserving Our Resources

What We Do

Conservation Districts connect landowners to programs that work and are economically productive. They consistently match private dollars with public funds to develop cost sharing opportunities and programs .

In the Office

In the Field

We’ll Be There”***

Our Services

Technical Assistance — with new innovative techniques in reduction in soil erosion, irrigation efficiencies, pest application, water quality

Equipment Rental — a No-Till Grass Drill is available for rent to renovate pastures or seed new pastures or fields.

Financial assistance and cost share programs, assessments, farm planning, and water quality project funding is available.

Water Quality Monitoring programs are in progress in several areas of Klickitat county.

Education and Outreach services are available to individuals, companies, schools, associations, and organizations.

Conservation Districts are recognized as the local focal point for coordinating local, and state, and federal efforts to protect natural resources
